

SN-351

Super Nature

Ice Touch Hydrophilic Softener
PDS

Description

SN-351 is an innovative product made from non-silicone oil and an emulsifier. The ingredients of SN-351 is similar to natural molecules featuring, innocuous, alkali resistance, and environmentally friendly characteristics.

SN-351 has excellent water wicking ability in which the water rapidly spreads out and dries quickly after absorption.

Characteristics

- Gives fabric a hydrophilic, quick drying, innocuous, environmentally friendly, alkali resistance, and ice-touch properties.
- Increases fabric rebound properties
- Gives fabric a unique dry touch and bulky texture
- High concentration
- Excellent fiber penetration and great cleaning capacity
- Brightens fabric colors

Properties

Appearance Amber transparent liquid

Active ingredient(%) 30.0%

pH(5%Solution,25°C) 7.5±1.5

Ionic type Slightly Anionic

Diluent Water

Safety

This document does not contain the safety information required for the product. Please read the safety data sheet for this product before use.

Storage & packaging

When stored in its originally sealed packaging at 5°C - 40°C, this product may be stored for up to 8 months from its manufacturing date. Comply with the storage instructions marked on the packaging. Once past this expiration date, TAI COUNTY CHEMICAL no longer guarantees that the product meets the sales specifications. Product comes in 120kg HDPE blue drums.

Applications

- Can be added in dye baths or textile finishing applications.
- Suitable for using in the jet dyeing process, during the rinse cycle.
- Temperature can hold up to 150°C with high shear stability.

Processing

- Padding process

SN-351 :5~10 g/L

Soaking temperature :Room temperature

Setting temperature :150°C/2.5mins

(Depending on the actual conditions, you can adjust the usage amount.)

The data provided above is to the best of our knowledge and experience and is without any warranty. Users should thoroughly test any application and independently conclude satisfactory performance before use.
